MEMORANDUM FOR THE RECORD

SUBJECT: NPIC and IAS Participation in China Ground Force Studies

1. On 1 July 1970, [redacted] and other members of IAS met with [redacted] and staff of IEG/NPIC, to discuss the participation of IEG in a proposed series of detailed China ground force studies requested by OSR/DDI. 25X1

2. [redacted] stated that IEG will participate in the program, and it was mutually for ease of management that IAS and IEG would each be responsible for a military region (MR). IEG will commit six man years of analytical time in the next 12 months to produce detailed reports on all of the ground force installations in the Lan-chou MR while IAS will commit its resources to the Kunming MR.

3. IAS and IEG agreed to exchange information relating to the Lan-chou and Kunming MR analyses in the future in order to more effectively accomplish their tasks for OSR. The names of the senior analysts who will be involved in these studies will be exchanged between the two organizations to expedite this flow of information.
